**TEACHER LEADERSHIP CERTIFICATE PROGRAM VISION**

- ❖ As teachers develop in their practice, they often assume informal and formal leadership roles in schools. The range of skills required to meaningfully contribute to school and district change efforts are often distinct from the knowledge and skills required in the classroom.
- ❖ The Sonoma County Office of Education’s Teacher Leadership Certificate Program provides experienced teachers a series of four practiced-based courses that develop the knowledge and skills required to provide effective instructional leadership in their schools and districts.
- ❖ The program is specifically designed to meet the professional growth needs of K-12 teachers with three or more years of classroom experience that consistently play informal or formal leadership roles in their school or district context. The Teacher Leadership Program emphasizes learning experiences and outcomes that will support equitable student learning opportunities and contribute to robust professional learning cultures among faculty and staff in Sonoma County schools.

## INSTRUCTIONAL LEADERSHIP COURSE OVERVIEW

This course draws from the [Center for Educational Leadership](#)'s research and foundational tool, *5 Dimensions of Teaching & Learning*. The course is designed to support teacher leaders in understanding and practicing strategies for analyzing instruction, engaging in peer-to-peer observations, examining student work collaboratively, and facilitating a growth-oriented professional teaching culture.

The course learning experiences are designed to deepen teacher leaders' understanding of the role of student engagement in successful academic outcomes and increase their own capacity for aligning instruction with the current literature on student engagement.
